presented and discussed.

SPORTEXPO 2019

HALT project, was presented in 4th International Sports Exhibition 2019 through banners. The exhibition, was held in 10-13 of April 2019 in Thessaloniki, Greece. **TIF-HELEXPO**, together with the **General Sports Secretariat**, are hosting **SPORTEXPO** at the International Exhibition Center of Thessaloniki. A sporting event addressed to all those who engage in any form of sporting activity, aiming at strengthening sportsmanship and creating sport consciousness and behavior. Sports organizations, clubs, athletes, students, coaches, athletic physiotherapists from all sports categories in Greece and abroad as well as people who love exercise, are visitors of the exhibition and we have the honor to inform them about the aim of our project.

EGVE 2019

HALT project, was presented in 22nd International Congress of Education and Sport & 1st Conference for Erasmus+ Sport Programme - «Walk for all for life». The conference took place in Thessaloniki 12 - 14 April 2019 in Olympic Museum. The project was presented on Saturday at 13 of April by Douka Styliani in the context of the seminar "New technologies in sports" and a large number of students and Physical education professors had participated. This conference is organized every year by Northern Greece Physical Education Teacher Association and include: Special presentations – Thematic Session (Debates), specialized seminars and free announcements from the full range of sports science (oral, posted, short and full paper) and workshops.

ARISTOTLE RUN 2019

HALT project, was presented in Aristotle Run 2019 through posters. The Aristotle Run, was held in 18 of May 2019 in Thessaloniki, Greece. This is a running event organized by the Aristotle University of Thessaloniki and includes a 5000m run for adults and a 1000m run for children. The purpose of the event is to involve young people and to raise awareness about physical activity and quality of life. The Halt team distributed leaflets to athletes and spectators of the event and discussed the awareness about best practices for preventing harassment and abuse in sports.

27th INTERNATIONAL CONGRESS ON PHYSICAL EDUCATION & SPORT SCIENCE

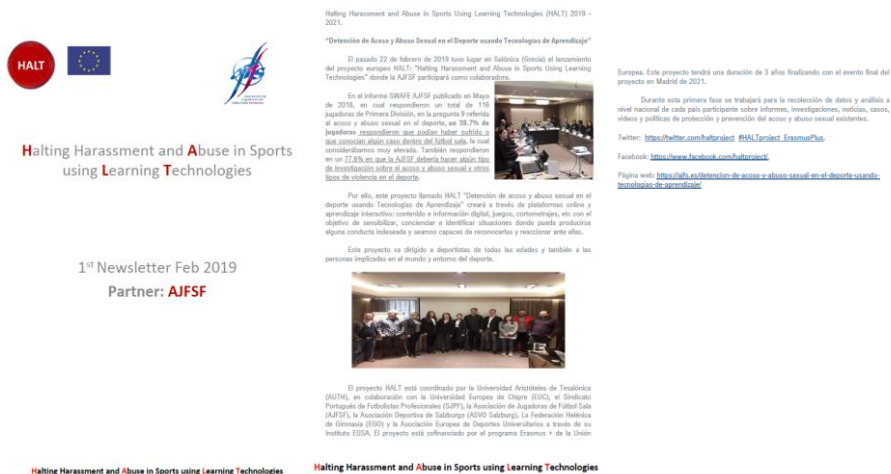

HALT project, was presented at the 27th International Congress on Physical Education & Sport Science. The International Congress of Physical Education and Sport (I.C.P.E.S.) was organized for 27th consecutive year by the Department of Physical Education and Sport Sciences of the Democritus University of Thrace (Komotini, Greece) on 10th till the 12th of May of 2019. The conference was attended by more than 300 delegates. The diachronic and effective organization of the I.C.P.E.S. by the teaching and administrative staff of the Department depends on its dynamic targets.

ASVÖ performed two surveys, describing the status quo of the implementation of measures to prevent harassment and abuse in Austrian sport. One quantitative study focused on the experiences of the athletes, concerning the topic. Furthermore, their knowledge about halting measures was identified. The second survey addressed several stakeholders in Austrian sports with the method of qualitative interviews. The target was the identification of the grade of implementation of halting measures. The findings of the two studies were presented to the stakeholders, especially the institutions dedicated on the topic.

The Asociación de Jugadores de Fútbol Sala (AJFS) disseminated the 1st newsletter presenting HALT project's latest activities (In Spanish).

The Union of Professional Players of Portugal (SJPF) announced his engagement in the Erasmus+ Halt project in Thessaloniki in Greece, on 27 of February 2019. The Players Union is one of the seven partners of the project and was represented at the first meeting by Bruno Avelar Rosa, coordinator of the Union's Education and Training Office.

By EUC the project was presented during a one day – 2 part event-- on May 7th 2019 , on the Campus of the European University. Key figures of the Sports sector of the Republic of Cyprus were invited to attend in order to (a) be informed about the aims and scopes of the project and (b) share their positions and statements on harassment and abuse in Cyprus and in Europe. During the second part of the Event, the key figures addressed a student (Sports Sciences and Psychologists) audience to share their knowledge on the matter and then engaged in questions and answers with the students. During this event, various promotional material related to HALT were widely disseminated (leaflets, mugs and T-shirts with HALT logo). Over 100 students participated.

Spanish Women Futsal Players Association announced his engagement in the Erasmus+ Halt project in Thessaloniki in Greece, on 25 of February 2019. The Spanish women association (EUSA) is one of the seven partners of the project and was represented at the first meeting. The project addresses the topic of combating violence and tackle racism, discrimination and intolerance in sport. In this area HALT project is focused on raising awareness about good practices for preventing harassment and abuse in sports. HALT will create and exploit learning technologies (digital games, digital informative material, movie, online community of practice platform) developed by academics to address this goal in a network of athletes across Europe, supported by the sports and athletes organisations. At the kickoff meeting the partners presented their activities and contributions in the project. EUSA Institute was presented by Mr Andrej Pisl, Communications and Projects Manager.

The participants will first map the existing good practices, analyse the situation in partner countries, while carrying out awareness-raising activities and will meet again in October 2019 in Ljubljana to continue developing the project activities. Follow #haltproject on social media for updates; the website will be up and running soon as well.
