

NEWSLLETTER III

28th International e-Congress on Physical Education & Sport Science HALT (Halting Harassment and Abuse in Sports using Learning Technologies), Erasmus+ Sportproject, was presented at the 28th International e-Congress on Physical Education & Sport Science, titled: "Good Practices for Supporting Physical Education through E-Learning" by Thrasyvoulos Tsiatsos on 12th of June 2020. The International Congress of Physical Education and Sport (I.C.P.E.S.) was organized for 28th consecutive year by the Department of Physical Education and Sport Sciences of the Democritus University of Thrace (Komotini, Greece) on 12th till the 14th of May of 2020. The diachronic and effective organization of the I.C.P. E.S. by the teaching and administrative staff of the Department depends on its dynamic targets. Participated about 650 people.

The Asociación de Jugadores de Fútbol Sala (AJFS) disseminated the 3rd newsletter presenting HALT project's latest activities (In Spanish).

PRESENTACIÓN PROYECTO FEDERACIÓN DE FÚTBOL SALA DE MADRID

Proyecto europeo @haltproject | El pasado miércoles 3 de julio tuvo lugar la presentación del proyecto para la detección del acoso y abuso sexual en el deporte a través de aprendizaje online 'HALT'. Este proyecto forma parte de los proyectos Erasmus Plus de la Unión Europea.

En esta primera fase del proyecto cada país colaborador ha realizado una investigación previa sobre la legislación actual, existencia de protocolos, programas, etc y el conocimiento de éstos desde diferentes ámbitos deportivos. Esta investigación múltiple europea, servirá para elaborar una futura guía de buenas prácticas, creación de una página web, juegos digitales y un cortometraje entre otros como herramientas para sensibilizar y concienciar sobre el acoso y abuso sexual en el deporte.

Gracias a FEMAFUSA por dejarnos presentar este proyecto en vuestro curso de entrenadores nivel 2 en Madrid y a todos los entrenadores presentes por vuestra participación.

Halting Harassment and Abuse in Sports
using Learning Technologies

3rd Newsletter Julio 2019

Partner: AJFSF

Halting Harassment and Abuse in Sports using Learning Technologies

ASVO in their third newsletter mentioned the negative effects caused by the Covid-19 pandemic crisis. Despite a lockdown and severe restrictions, ASVÖ was able to perform interviews with athletes and coaches in preparation of the HALT movie, being completed by the project partner AUTH. Further a lot of effort was dedicated to progress in the creation in the final project outputs: The HALT movie, the HALT mobile serious game and the Community of practice.

The Union of Professional Players of Portugal organized a focus group of the halt project analyses harassment in sport. The Players Union promoted a focus group within the scope of the HALT project, through which national good practices were discussed, in the scope of preventing harassment and abuse in sport. This focus group was attended by Joaquim Evangelista (president of the Union of Players), João Oliveira (legal responsible for the Union), Bruno Avelar Rosa (coordinator of the Education and Training Office of the Union of Players), Carla Couto (ambassador and delegate) of the Union for women's football), José Carlos (president of the Portuguese Association of Amateur Players), Pedro Teques (university professor, vice president of the Portuguese Society of Sport Psychology and psychologist of the Union's Mental Health project), Miguel Nery (university professor, psychologist and responsible for the project "sport without bullying") and Ricardo Bendito, of the Olympic Athletes Commission of the Olympic Committee of Portugal. The purpose of this event was to identify the current situation and national good practices in the context of preventing harassment and abuse in sport, in its different dimensions (sexual, labor, racial, etc.), based on the experiences and knowledge of the participants and envisioning measures to be carried out, with a view to preventing these situations. The results obtained will integrate a trans-European study subordinated to the identification of good practices and state of the art in this theme in the different countries involved in the HALT project, whose contents will serve as a basis for the guidance and construction of the digital, didactic and information resources that will be produced during the course from the project. European University of Cyprus (EUC) prepared the first scientific paper of project HALT. The project results derived from the focus

Co-funded by the

of the European Union

group discussions in five partner countries have been analyzed and documented in an empirical research paper with co-authors the researchers from the five partner organizations. The journal paper titled “The Experts’ Opinions on Practices for Preventing Harassment and Abuse in Sport: A European Investigation” has been submitted and is pending review. European University of Cyprus (EUC) lobbying of the project through sports individuals. Twelve sports related individuals (athletes, coaches, parents and sports personnel), have been invited to present their views/knowledge on harassment and abuse in sports in Cyprus. These, individuals, considered excellent links to larger related groups have been thoroughly briefed, on the aims and objectives of the project and were provided with promotion material. These individuals will, within their own groups, aid to promote the HALT game to a large number of users.
